Make sure your issue was not already reported - these 3 issues look similar:

[Highlight Duplicate Wording](#)

- windows 10 - parents store - search bar overlapping menu buttons
- Windows 10 - Parents Site - The "Search" input field is superimposed on the menu tabs
- Windows 10 - Parent Store - Search Bar Overlaps Navigation Menu

ACTION PERFORMED

1. Open <https://shop.scholastic.com/>
2. Click on "Select another store" tab.
3. Choose "Parent" .
4. Expand the user tab on the right side of the search engine.
5. Click on "Sign in".
6. Log in with valid credentials
7. Again expand the user tab on the right side of the search engine.
8. Click on "My profile" .
9. Go to the "parent" tab on the left side.

EXPECTED RESULT

The content of the main page of the store at "<https://www.scholastic.com/parents/home.html>"

should enable trouble-free and easy search for products using the search engine and tab panel.

ACTUAL RESULT

Confusing and difficult to use the product search engine due to overlapping tabs.
